logitrans - the only and unique logistics exhibition in Turkey

We are pleased with the increasing number of visitors and exhibitors at logitrans. Recent acceleration in the air cargo and logistics industries especially due to the concepts like digitalization and e-commerce increases the importance of trade fairs. Logitrans is the only and unique logistics exhibition in Turkey and we are very happy to come together with our customers and partners here. We are looking forward to 2020 edition.

We come together with our target companies

We regard this organization as a valuable work that achieves its objective in terms of bringing together all parties providing and requesting services and providing an opportunity for mutual evaluation of services and demands. As in last year, we came together with our target companies. We had very busy three days full of effective and efficient meetings. We believe that the benefit of the organization to our country and our industry will increase every year in line with the increase of the participants.

exhibition and conference

While Turkey has taken important steps to become a hub, the pulse of the air cargo industry will again be taken at logitrans hosts conference and meeting programs for the air cargo sector. The industry's most important players regularly take part in the trade fair. air cargo Turkey, which is a special part of logitrans, will be the ideal event of the year to follow up the developments in this highly dynamic industry.

vehicles and equipment

Developing and changing modes of transport have not affected the popularity of road transport. The commercial vehicle sector, which enables the flow of transport on roads, is still the flower of the industry. Key players of the truck, trailer and light commercial vehicles industries are coming together at this special event program at the only logistics fair of Turkey, one of the largest commercial vehicle manufacturing countries in Europe.

exhibition and conference

rail cargo Turkey, which was launched in 2018 and welcomed with interest, will carry the railway transportation to the focus point again. This special section, which is the latest product of logitrans' motivation to develop the logistics sector in all respects, is a candidate to be the favorite activity in 2020 where international sector leaders and pioneers of railway transportation will come together. You can follow up the latest developments from rail transportation industry which shows significant improvements each year in rail cargo Turkey.
